Hi Kate,

I had this same problem with .zip files when I was in grad school. Here's another copy with the extension renamed.

Cam

Hi Cam,

Could you please send this again, and just change the .zip extension to .zzz for mailing purposes? Our email doesn't let .zips through, but we can just change it back once we download it.

Thanks for sending this along - I'm sure Jason will be in touch if he has questions once he begins playing with it.

Best, Kate

Hi Kate,

Sorry for the delay in getting this to you...attached is a .zip file with all the shapefiles that were used for the map I sent a couple weeks ago (minus the basemap). There is an Arc .mxd file within this folder that should allow you to open the files all together with the same symbology we used in our report.

I added a README to the .zip file that describes the data sources for each of the layers. Please let me know if you have any questions.

Cheers,  
Cam

Hi Cam,

Thanks for the high res image. It would be great to have the shapefiles as well, just to give us a bit more flexibility as we figure out how to present the information. I'm not sure what size files we're talking about, so do you have any suggestions as to the best way to send them?

Just let me know if you have any questions.

Kate

Hi Kate,

Thanks for the update. From my perspective, I think it's fine to not have a follow-up call with reviewers. I think their comments were fairly clear.

Here is a high-res version of Figure 8. Let me know if you'd prefer to have the shapefiles instead.

Cam

Subject: reviews of Stratus report

Hi Cam and Dave,

Just wanted to touch base with you both about where things stand on the peer review of the Stratus report. We are leaning towards not having a follow-up call with the reviewers, since it sounds like both you and EPA staff feel the comments were straightforward and don't require clarification. Please let me know if this has changed, and you would like us to schedule a call.

We will be incorporating material from the report (with appropriate citation) into the EPA assessment, taking reviewers' comments into account and clarifying or caveating in our text where appropriate. We have no expectations of you in terms revising the report for use in the assessment.

We would like to include Figure 8 from the report in the assessment document. Would you be willing to send us a high resolution version of the figure and/or the data used to create the figure (so we can recreate it)?

Thank you again for submitting the report during the public comment period, and updating it so quickly for the review process. We hope the reviews are useful to you as you move forward with your work.

If you have any questions, please feel free to give me a call at 703.347.8533 any time.

Best,
Kate

\*\*\*\*\* ATTACHMENT NOT DELIVERED \*\*\*\*\*

This Email message contained an attachment named  
SZ-Riv\_Exchg.zip  
which may be a computer program. This attached computer program could  
contain a computer virus which could cause harm to EPA's computers,  
network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced  
into the EPA network. EPA is deleting all computer program attachments  
sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you  
should contact the sender and request that they rename the file name  
extension and resend the Email with the renamed attachment. After  
receiving the revised Email, containing the renamed attachment, you can  
rename the file extension to its correct name.

For further information, please contact the EPA Call Center at  
(866) 411-4EPA (4372). The TDD number is (866) 489-4900.
